More information at www.students.leeds.ac.uk/livingintheuk
If you have a question about any aspect of your visa, please bring your passport to the International Student Office.

Drop-in service at 10.30 daily

The International Student Office can:

- Answer quick questions at the enquiry desk
- Direct you to a drop-in session for more detailed, confidential advice
- Refer you to someone else if we can’t help

Immigration procedures can take a long time so don’t leave your questions until the last minute!

Please **do not** take immigration or visa advice from your friends!
The University of Leeds has a legal requirement to report international students with Tier 4 visas who do not register or who consistently fail to attend.

It is very important to keep in touch with your School or Department during any period of absence.

Immigration rules are applied very strictly and staff have little discretion.

If you change your study plans (e.g. extend or shorten your study period at Leeds), it is your responsibility to seek official immigration advice to make sure you understand how the rules may affect you.

Volunteering

Katy Gregg

Project Officer
What is volunteering?

“Any activity that involves spending time, unpaid, doing something that aims to benefit the environment or someone (individuals or groups) other than, close relatives.”

• Volunteering is a choice freely made by each individual

• Students volunteer with charities, community groups or other students who feel passionate about similar causes
Why volunteer?

• Gives you the chance to meet people from the wider Leeds community and to experience British culture

• Meet a variety of students who perhaps you wouldn’t meet normally in your day-to-day University lives

• Get to know other people who feel passionate about the same things you do and develop key contacts

• Gives you experiences and skills that are useful for your employability

• Make a difference to a cause you feel passionate about and have fun!
