Opening a bank account

When you move to the UK you’ll need access to your money and the easiest way is to open a UK bank account. You’ll need to open a UK bank account if you want to pay your fees in instalments, however you may be able to complete registration before you do this.

Can I open a bank account?

If you have a visa for at least one year, you should be able to open a student bank account. If your visa is for less than one year, you might not be able to open a student bank account, but you will be able to open an ordinary cash account at some banks.

What do I need to open a bank account?

What you require to open a bank account will depend on which bank and which bank account you choose. You may find the following information helpful as general guidance about what you may need to open a UK bank account:

1. **Proof of your identity**: Evidence of your identity = passport or EU national identity card

2. **Proof of your status as a student (if you are opening a student account)**: Evidence of your status as a student: your offer letter or a Bank Introduction Letter from the University

3. **Proof of address**: Some banks will require proof of your UK address and/or your home/overseas residential address. Different banks accept different documents as proof of address and not all banks will accept temporary UK addresses as this is where your account card will be sent. Please note that it is important to spell your address correctly when you complete the first stages of online registration as this information will show on your Bank Introduction Letter. Some banks will reject Bank Introduction Letters if your address is spelled incorrectly.
   
   **Example format for halls addresses:**
   
   Room number.
   Central Village - Block...
   Woodhouse Lane
   Leeds
   LS2 3AB

4. **Minimum deposits and fees**: Some banks require a minimum deposit to open certain accounts or charge a monthly fee. Some bank accounts also require you to maintain a minimum balance in your account.

Where can I get the Bank Introduction Letter from the University?

You will automatically be sent your Bank Introduction Letter to your university email after you have completed the third step of online registration. Please make sure you have a current term time address and a current permanent home address, both spelt correctly. These letters are accepted at Barclays, HSBC, Lloyds and Santander only.
If you want to open an account with a different bank, you will need to request this at the Student Services Centre counter on Level 9 of the Marjorie and Arnold Ziff Building.

The Student Services Centre counter is open from 09.00 – 17.00 on Monday, Tuesday, Thursday and Friday, and is open from 10.00 – 17.00 on Wednesdays.

How do I decide which bank to choose?
There are two banks on campus: Barclays (opposite the Parkinson Building) and Santander (in the Leeds University Union building). HSBC, Lloyds, NatWest, TSB, Yorkshire Bank and many other banks also have branches in the city centre. The nearest Bank of China branch is in Manchester.

There are some differences in the type of services and the opening requirements for different bank accounts. The tables below have initial guidance to help you compare the different banks, but you also need to read the brochures or online information from the banks before you make your final choice.

What if I am here for less than six months?
If you are here for less than six months, you will have a limited choice of accounts to open. In some cases, students are able to open an account with Barclays, HSBC and Santander, but it is worth confirming this with the branch in person. If you are here for a pre-sessional language course, some banks may accept an unconditional offer letter as further evidence of the length of your stay.

What if I am under 18?
There will be a selection of young persons' accounts that you can open with most major banks, e.g. ‘Student Prime’ International Student Service with Bank of China, Barclays’ ‘Young Persons Account’, Santander’s ‘Basic Current Account’ or the HSBC ‘Basic Bank Account’. Take a look at the tables below or on the bank’s website for further details on their terms and conditions.

How long does it take to open an account?
Some accounts can be opened quickly (less than 48 hours) - others may take longer, particularly during the busiest periods, such as September. Some banks will provide your account details (sort code and account number) more quickly than your account card. Your account is active when you receive your account details.

If you plan to pay your University tuition fees in instalments you will need to open a bank account however you may be able to complete online registration before you do this. Once you have your UK bank details, log in to Minerva and update your instalment plan details.

Important information about bank accounts
- **Keep your bank statements.** You will need these original statements if you have to extend your visa/leave to stay in the UK. Most banks charge for duplicate statements and it may take them several weeks to produce the documents. See the Bank Account Comparison Table for more information.
- Only use a bank account for which you are a named holder.
- You should not allow others to use your account to do their banking.
- Keep your personal details and account details secret to prevent someone stealing your identity. For more information visit: [www.actionfraud.police.uk/ID](http://www.actionfraud.police.uk/ID)
- If you pay bills by direct debit you must have the money in your account the day before the direct debit is due to go out of your account. If not, you will be charged penalty fees by the bank and often also by the organisation that is expecting to receive the direct debit payment.
- Do not go into debt on your account unless you have a pre-agreed overdraft facility with the bank. If you are struggling to managing your money you can get free and independent help from the Student Advice Centre in Leeds University Union: [www.luu.org.uk/student-advice](http://www.luu.org.uk/student-advice)
- Many banks will not let you open an account with them if you use a different account as your main account.

Banks advertising Sharia-compliant services

It is possible to open bank accounts in the UK which are Sharia-compliant. For further information, contact the banks directly or visit their website.

Where can I ask for help if I have questions or problems?

Please visit the International Student Office if you need further information and advice on opening a UK bank account, or if you are unhappy with any aspect of the service you receive from your bank.
