We know there is continuing uncertainty about Brexit. We will continue to track what is happening and will provide updates to help you understand any possible impact. We continue to work to ensure members of our University community who are affected by Brexit are properly supported. Find our latest information and advice on our [Brexit page](#).

Are you staying in Leeds over the Easter break?

There are a wide range of events happening both on and off campus during the Easter holidays (30 March – 28 April), including a LEGO social, volunteering opportunities and a Get Out Get Active trip to Saltaire. Whilst you can just turn up to some events, others will require booking in advance.

For the full schedule of activities and information on how to sign up to them, please visit the [Global Community webpages](#).

Registering to vote

The deadline to [register to vote](#) in the next local elections is 12 April 2019. It only takes five minutes, and will enable you to vote in the elections on 2 May 2019. If you're not sure whether you've already registered you can find out by [contacting your local authority](#). You can also register to vote by post or proxy (someone else votes on your behalf) if you aren't sure if you'll be in Leeds.

Did you know that if your home and university addresses are in two different local authority areas, you can vote in both local elections? To do this you need to register both your home and term time address. You can still only vote in one area in a general election.

Student communications panel

We want to invite you to have your say on the way we communicate with you by joining our student panel. It will help us to understand what information you find useful and how you want to receive it, so that we can improve what we do.

We will hold hour-long group discussion sessions every two months until the end of the summer term, and you'll get £15 for each session you attend as a thank you. We want to understand what is important to our students so that we can provide the right opportunities and support to you. If you're interested in finding out more please email us at studentcommunications@leeds.ac.uk.
