

How to apply for your student loan- study abroad

First you will need to log in to your [online Student Finance account](#) and start a new application for 26/27.

Where do you plan to study?

Enter University of Leeds, as you will still be a registered student at Leeds. Do not enter the host university – if you do this SFE will think you have left Leeds and started another course elsewhere.

The screenshot shows the 'Student finance application' page on GOV.UK. A progress bar at the top indicates the current step is '3 Course and fees'. Below the progress bar, the question 'Where do you plan to study?' is displayed. A text input field contains 'University of Leeds'. Below the input field, a list of suggestions is shown: 'University Of Leeds', 'Leeds Arts University', 'Leeds Beckett University', and 'Leeds Trinity University'.

What course will you study at the University of Leeds?

The screenshot shows the 'What course will you study at University Of Leeds?' step of the application. A text input field contains 'English Literature (INT)'. Below the input field, a list of search results is shown under the heading '36 courses found'. The results include 'English Literature (INT)', 'English Language and Literature (INT)', and 'English and Comparative Literature (int)', each with a 'Placement (year3)' tag.
