Subsidised opportunities in China

There are subsidised opportunities in China which are run by the British Council as part of the Generation UK – China scheme. The scheme was launched by the British Council in 2013. By 2020, it aims to help 80,000 students from the UK boost their employability, enhance their long-term job prospects, and develop a global mind-set through study and work experience opportunities in China. Apply for a two-month internship placement in China, or if you want to study abroad after your degree they also offer study scholarships for between 5 -11 months of study, in various locations across China, and in a combination of different subjects. See the [Generation UK – China website](#) for more details.

You may also wish to consider applying to the Study China programme, a scholarship programme funded by the UK government and administered by the University of Manchester (open to all UK students). They offer subsidised study abroad programmes in China usually over summer. Please see the [Study China website](#) for more details and for updates on when the summer application period will open.
