This has been an enjoyable experience to view the work of your students. I have been impressed by the standard of work of the students and the feedback that is given by the academic staff. I have been made very welcome when I have attended, OSCE and exam boards and I am sent all the relevant information that I require.
 I have found everyone from the hospice and school academic and support staff extremely helpful.

Dear

Re: External Examiner's Report 2015-2016 – Postgraduate Certificate in Palliative Care and Graduate Certificate in Palliative Care

I should like, on behalf of the programme team, to thank you for your complimentary external examiner's report, which is most gratifying to receive.

It is very pleasing to note your positive comments regarding our assessment processes, which have been fed-back to the team. The team greatly appreciates your continued support of the programme and your attendance at the student presentations, which has been invaluable. It is once again reassuring to note that you have no concerns regarding these programmes.

The School in discussion with St Gemma's Hospice has decided not to deliver the Postgraduate Certificate in Palliative Care in the 2016/2017 session. However, there is still a small number of students who have to complete the programme and we will be delivering HECS 3088 – Patient Focused Palliative Care as an optional module in the nursing programme. The team will contact you to confirm arrangements for receipt of work and your attendance at the appropriate examination board.

The team looks forward to working with you in the forthcoming academic year and to the continuation of a productive relationship.

With kind regards,

Yours sincerely
